SILENCE HAS A SEQUEL

The Silencio S400

The Silencio is a silent case that makes no compromises in thermal performance. Sound dampening material surrounds the system build, rubber padding cushions all included fans, and a removable cover shields noise that escapes from the top panel. The Silencio S400 is available with either a tempered glass or a sound-dampened steel side panel.

For demanding systems, the top panel's Sound Dampening Cover can be removed for increased ventilation. Paired with the front panel's ventilation, directionally taking in air through the mesh, silence can be accomplished without sacrifice. The subtle ventilation takes in air from three sides of the sound-dampened front door, with the mesh filter aimed toward the bottom for an efficient intake of air.

FEATURES

Sound Dampening Material – Sound dampening material minimizes noise from the pre-installed fans, the power supply, all steel panels, the steel front door, and all storage mounting points for 2.5" and 3.5" drives.

Tempered Glass or Sound-Dampened Steel – The Silencio S400 is available in two versions. Seamless tempered glass to show the system build or sound-dampened steel for optimal noise reduction.

Removable Sound Dampening Cover – The top cover can be removed for increased ventilation or kept in place to reduce noise.

Reversible, Steel Front Door – The sound-dampened, steel front door features a reversible mounting system that is capable of opening in two directions.

Versatile HDD Cage – The HDD cage can be shifted to the front for more PSU clearance, backwards for additional front radiator space, or completely removed if HDD storage is not required.

SD Card Reader – The I/O Panel features an SD Card Reader for rich connectivity.

Headset Jack – The single 4 pole headset jack features both audio and microphone capabilities simultaneously so that separate jacks are not needed.

Silencio Fans – Two Silencio FP 120mm PWM fans are pre-installed with rubber padding to reduce noise. To connect additional fans, one 4pin 1-to-3 splitter is included.

Graphics Card Support Up To 319mm – Generous clearance space is provided to support the latest graphics cards.

Product Number	MCS-S400-KN5N-S00	MCS-S400-KG5N-S00
EAN code	4719512087381	4719512087374
UPC code	884102059834	884102059827
Net weight	7.03kg	7.24kg
Gross weight	8.06kg	8.31kg
Carton dimension (L x W x H)	480*278*480mm	480*278*480mm

SPECIFICATIONS & PACKING INFORMATION

Product Number		MCS-S400-KN5N-S00	MCS-S400-KG5N-S00
Product Name		Silencio S400 (w/ Steel Side Panel)	Silencio S400 (w/ TG Side Panel)
Exterior Color		Black	
Materials	Body	Steel, Plastic, Sound Absorbing Material	
	Left Side Panel	Sound-Dampened Steel	Tempered Glass
Dimensions (LxWxH)	incl. Protrusions	418 x 210 x 408mm	
	excl. Protrusions	403.5 x 210 x 400mm	
Volume (Liters excl. Protrusions)		33.9L	
Motherboard Support		Mini-ITX, Micro-ATX	
Expansion Slots		4	
Drive Bays	5.25"	1	
	3.5" HDD	4	
	2.5" SSD	4	
I/O Panel	USB Ports	USB 3.2 Gen1 x 2 (formerly USB 3.0)	
	Audio In / Out	1 x 3.5mm Headset Jack (Audio + Mic)	
	SD Card Reader	Supports SD & MMC Cards	
Pre-installed Fan(s)	Front	120mm x 1(PWM 800~1400 RPM)	
	Rear	120mm x 1(PWM 800~1400 RPM)	
Fan Support	Front	120mm x 2 / 140mm x 2	
	Top	120mm x 1 / 140mm x 1 120mm x 2 / 140mm x 2 (remove ODD cage)	
	Rear	120mm x 1	
Radiator Support	Front	120/140/240 / 280mm(remove & reinstall ODD bracket to mount 280mm radiator, may interfere with HDD mounted below ODD bracket)	
	Top	120mm, 240mm* *240mm requires removal of ODD cage	
	Rear	120mm	
Clearances	CPU Cooler	167mm	166mm
	Power Supply	325mm (w/o front radiator & HDD cage) 140mm (HDD cage in backmost position)	
	Graphics Card	319mm	
Cable Routing	Behind MB Tray	20mm	
Dust Filters		Top, Front, Bottom	
Power Supply Support		Bottom Mount, ATX PS2

Sound Dampening Material

Sound dampening material minimizes noise from the pre-installed fans, the power supply, all steel panels, the steel front door, and all storage mounting points for 2.5" and 3.5" drives.

Tempered Glass or Sound-Dampened Steel

The Silencio S400 is available in two versions. Seamless tempered glass to show the system build or sound-dampened steel for optimal noise reduction.

Removable Sound Dampening Cover

The top cover can be removed for increased ventilation or kept in place to reduce noise.

Reversible, Steel Front Door

The sound-dampened, steel front door features a reversible mounting system that is capable of opening in two directions.

SD Card Reader

The I/O Panel features an SD Card Reader for rich connectivity.

Silencio Fans

Two Silencio FP 120mm PWM fans are pre-installed with rubber padding to reduce noise. To connect additional fans, one 4pin 1-to-3 splitter is included.
